INTERESTING NOTES FROM THE ROCK SCHOOL BUILDING

(By William Stewart.)
Editor's Note—William Stewart is the oldest grandson of Prof. W. F. Rogers. Connected by ties of sentiment to the building so long presided over by his distinguished grand-father, having a natural taste for antiquarian pursuits, he has furnished us by request the following description of the roof of the old building and of several articles found between walls or floors and preserved by him.

The self-supporting roof of the old rock building rested upon four large girders, which were constructed as follows:

A large beam 8 x 8 inches was laid across from wall to wall and short beams erected at each end at an angle of about 45 degrees to support another beam running parallel with the first. These were braced with 8 inch timbers. Four of these sets of trellises were set up at equal intervals on the wall, in a way to resemble a bridge support.

Large timbers were then fastened across these girders at right angles and the roof was laid on this frame work. The girders served the double purpose of supporting the roof above, and the relling below, which was in that way really suspended from above, in such a way that the weight of the roof helped to hold the walls together.

The following articles were found between the walls and floors of the building:

A spelling lesson, written in pencil on a letterhead with the name of "J. W. Cunningham, Tax Collector, W. D. Cox, Deputy." This bore, in faintest pencil lines, the almost obliterated name "Trav Cunningham."

An old Holmes' First Reader. No name.

One "Blue Back Speller." No name. An examination blank, bearing date of November 14, 1895. Miss Lura Simmons, Teacher, Clyde Acton pupil.

SIDNEY TO VOTE ON SPECIAL SCHOOL TAX

Sidney is not going to have her school deteriorate because state funds have not come up to the usual average. An election has been called for June 24 at which time the tax-payers will vote on the question of a special tax.

School districts are doing this all over the state, proving that we have not yet, at least, lost our ability to get what we want when we want it bad enough.

INTERESTING FACTS FROM COUNTY Supt's. REPORT

The following statistical items from Mr. Gantz's annual report, are of interest. We have 131 teachers, 34 men and 97 women. Of these 53 have second grade certificates, 5 men and 48 women. Sixty-seven, 24 men and 43 women have first grade certificates, and 9 have permanent, 5 men and 4 women.

The county has 66 common school districts and 8 independent districts, and the total salaries paid this year to the Common School District was in amount \$84,161.75, making an average salary of \$643.21.

The total value of school property in the county, Common School District is \$162,399.00, and there are 16 one-teacher schools, 38 two-teacher ones, 10 three-teacher ones, and 2 four-teacher ones, making 111 all 66 schools.

The total enrollment for the year was 3157 for the elementary grades and 291 for the High School grades, making a total of 3,448, and making the average annual cost of instruction per pupil, based upon salaries only and average daily attendance, \$32.00.

There are only 4 Common School Districts voting more than a fifty cent local tax.

NEW BUSINESS CONCERN

Messrs. W. W. Cox and Carroll Magness have opened up a new produce house in the building formerly occupied by the A. C. Battery and Electric Co. Mr. Cox has been in the coal and oil business in Comanche for a number of years, and Mr. Magness was engaged in the produce business prior to his forming this partnership with Mr. Cox. They will handle feed, coal, produce and cream. The Chief wishes them every success in their new venture, and bespeaks for them the custom and good will they deserve.

ARROW-HEAD OUT THIS WEEK

The Arrow-Head, annually published by the students of the Comanche High School under the direction chiefly of the Senior class, is ready for distribution this week by the Enterprise. It is an artistic piece of work of which the students and the town are justly proud; and the contents both as to reading matter and illustrations do much credit to the students and the High School Faculty.

CLEAN UP.

Cut the Weeds, Burn the Rubbish, Can the Cans.

Again we are asking you to clean your premises. If you do not do it soon we are going to have to tell you to do so. A strong weed and rubbish ordinance has been passed by the Council, and is now in full force and effect.

The Marshall has been requested by the City Council to serve notice on all parties who fail or refuse to "clean up." If you do not obey this notice you will subject yourself to a fine, and the City then has the right to, and will, clean up for you, and the cost will be charged against your property as a tax.

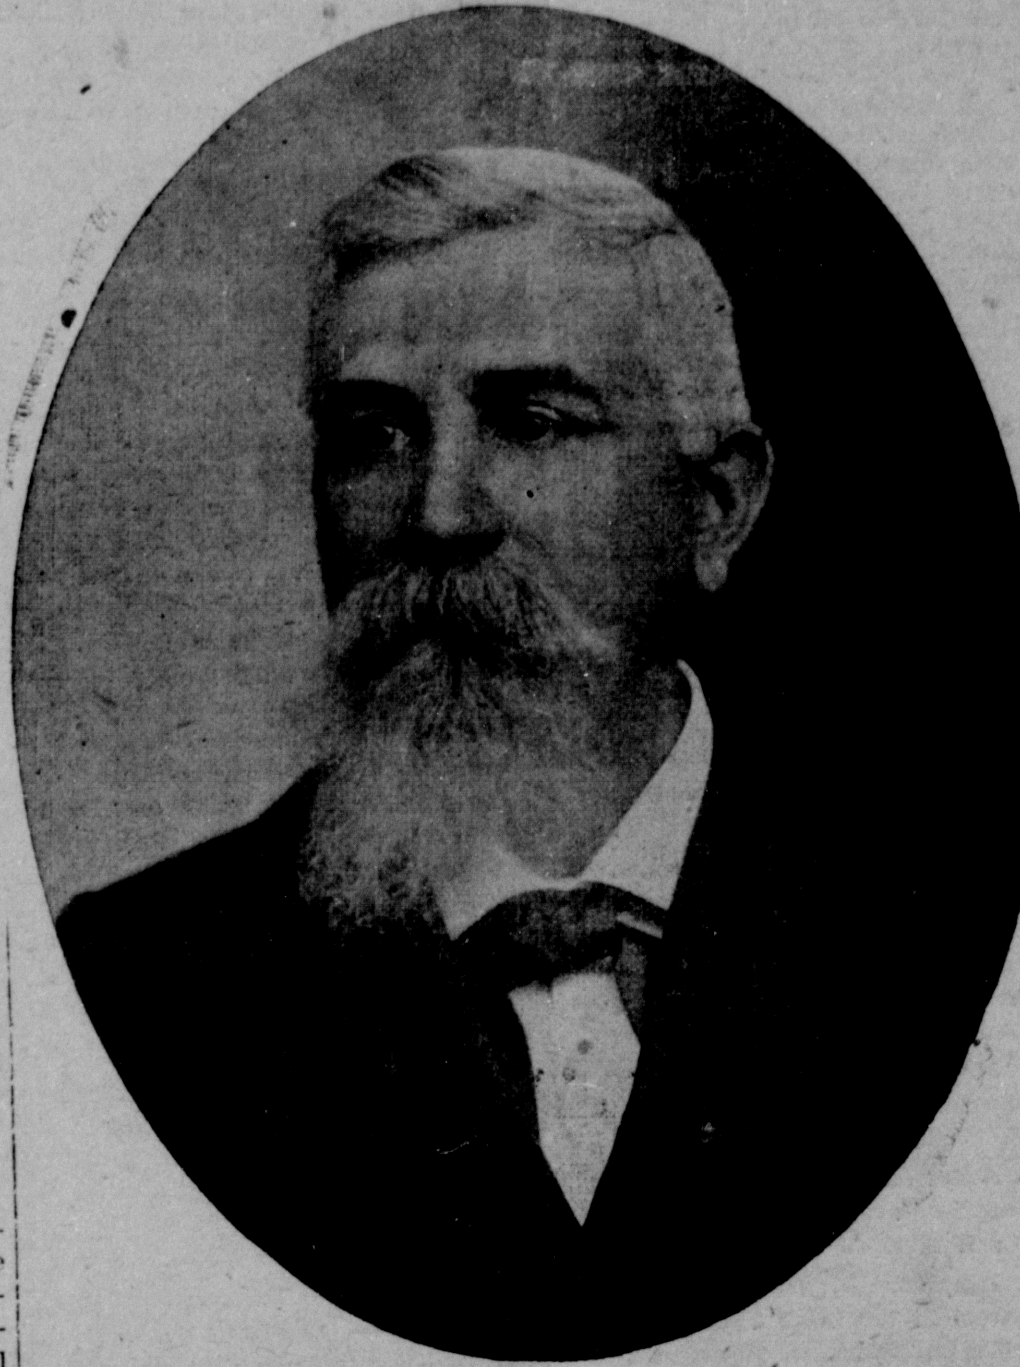

If you do not think enough of your town, yourself and your neighbors to "clean up," the City does not think much of you—but thinks enough of your neighbors and the town at large to clean up for you, at your expense. There is a lot of ground in Comanche that has not seen the sun since the drouth was broken, and a few people who cut just enough weeds to enable them to get in at the front door. Now we are "not fussing at you" we are just "telling you" you better "Clean up."

J. R. EAMES, Mayor.

LAWSON-THOMAS

Comanche people had a great surprise on Tuesday when it was announced that Mr. Ben Lawson of the Hargreaves Printing Co., Ft. Worth and Miss Lucy Thomas of Comanche had been quickly married at Brownwood on May 26th. About the only person whom they had confided in was Mrs. Jennie Garrett, our County Clerk. The bride is the daughter of Mrs. Dora Green and is well known, having been reared here.

The groom is traveling salesman for Hargreaves Printing Co., and has recently been made city salesman of Ft. Worth. Mr. and Mrs. Lawson will make their home in Fort Worth, where the Chief hopes they may have every good fortune and happiness.

David S. Switzer

Comanche School Superintendents 1874

The editor of the Chief wishes to state, with reference to the statement made last week that this week's issue would carry an article treating of the Comanche school superintendents from 1874 to 1922, that a week of hard research work has proven the both more time and more space would be necessary to do the subject justice.

There is so much interesting historical data connected with the early educators here, as well as with the later ones, that the editor has become ambitious to collect it and present it in a form as complete and authentic as possible. This will be presented in succeeding issues of the Chief, which is glad to devote the space to a work which seems so worth while; and the work will be done by the editor, who feels that the time and labor involved may serve as a very small return for two happy and fruitful years of teaching in the old rock building, under Prof. Wm. F. Rogers, a man whose chief interest and aim as an educator was the building of character.

As an introduction to the history of the school since the building just demolished was erected, it seems not inappropriate to refer briefly to some of the educators who taught in Comanche previous to this time.

The first building in Comanche to be used for public purposes of all sorts was the old Methodist church, which stood where Mrs. Burton's house now stands, and here school was taught up to 1874. In this structure, the First Baptist Church of Comanche was organized, and as we learned from the very valuable historical notes appended by Mr. L. B. Russell to his 1920 Annual of the Church, and we may remark in passing that Mr. Russell's little brochure is a piece of work which is of the greatest interest and value to all who are interested in preserving an authentic account of our pioneer history.

From all accounts it seems that J. W. Emory was the first teacher in the Methodist church building, and he taught here before the war. When the war came on, he refused to espouse the cause of the Confederacy and the feeling against him as a non-secessionist grew so hot that he had to leave the place. He was living still, at last accounts, though his wife died a few years ago in Mineral Wells. His home is in Dallas, and, a remarkable and interesting coincidence, when Roy Nabers was teaching several years ago in

the Metropolitan Business College in Dallas he had as a pupil one of Mr. Emory's sons and was invited out to visit the old gentleman.

Robert Wylie, Virginian, was another teacher of the pre-war days, and though he was serving as captain on a Union ship at the time the war broke out, he surrendered his ship and joined the confederacy. His wife was an aunt of Duncan Campbell's.

During the war, the school was conducted by Parson Trimble, and following the close of the war and down to 1874 several names appear, among them a Prof. Hilton and his wife, and Mac Burks, a brother of Jeff Burks, and therefore uncle to Hilton Burks of this day and generation.

D. S. Switzer.

D. S. Switzer, the first of the line of school superintendents who taught in the old rock school building built in Comanche by the Masonic Lodge in 1874, was brought here in the beginning by, and taught under the supervision of, the Masons. He is a son of the Revolution on both his father's and mother's side, and up to the age of sixteen years was reared and educated in Spartanburg, South Carolina, where he was made ready to enter college. However, "Man proposes, and God disposes." While on a visit to a plantation of his father's in Mississippi he entered the Confederate army with which he served four years, first as corporal but later promoted till he reached the rank of 1st Lieutenant. He was in command of his company at Atlanta, Georgia and at Jonesboro, where he received the wounds which made him a cripple for life.

After the war was over, he attended the University of Mississippi, at Oxford, graduating from that institution in 1870 among the first in his class and with the degree of M. A.; having, however, taught school for two years in between the years of his attendance at the University.

From 1870 to '74 Mr. Switzer taught in the Greenwood Institution at Round Reck, Texas, during which time in 1873, he married Miss Rebecca Mays, daughter of L. M. Mays, and a student in his school. He gave up this school to accept the position of superintendent of the Comanche Masonic Institute, at which place he remained till 1879, notwithstanding that in the meantime the Comanche property had gone into the hands of citizens of the

W. J. CUNNINGHAM

SERIOUSLY ILL

The whole town of Comanche was thrown into intense sorrow and anxiety this week by the news of the serious illness of W. J. Cunningham, who with Frank Reese and Tom Moore have been with the Shriners on their trip through Canada and the Northwest. He is at present in a hospital in San Francisco, for which place his wife left on Sunday night to join him. The two children are with Mrs. W. B. Cunningham and Miss Minnie. This morning's bulletin brought some encouragement, and we hope that long before we go to press next week we shall learn that he has passed the crisis and is on the road to recovery.

Bro. C. E. Moore of Brownwood held the meeting for us last year. He won his way into our hearts and the high esteem of all who heard him. Beginning Sunday morning June 18, he will be with us again, and you are cordially invited to attend. As a special favor he will lecture before the Adult Bible Class during the Sunday School hour.—The Adult Bible Class.

Misses Aline Skinner and Elizabeth Reese attended Commencement at Baylor, Belton.

METHODIST MEETING.

This week will close the very interesting series of revival services which have been in progress at the Methodist church for the past two weeks. Each morning at eleven o'clock the business houses have closed, in order that every one who wished might have an opportunity to attend the meeting. The last service will be held on Sunday night at the usual hour.

GRAHAM CHAPEL HEADS LIST.

Considering the number of people in the community, the poultry sign up in the Graham Chapel community is larger than that of any community reporting to date. The committee in charge of the canvass was T. H. Purvis, Clemons Luker and W. A. Luker. Owing to the fact that the men were busy in their crops, Mrs. W. A. Luker made the entire canvass of the community on Friday and Saturday, June 9th and 10th.

The average community in the county has listed between 55 and 60 families. Graham Chapel community listed but 24. Of this number 11 signed the marketing agreement with three others considering the matter seriously. Those signing the agreement with the number of hens listed are as follows: J. P. Mays, 75; V. L. Moore 50; Henry McKelvey 50; C. M. Hollifield, 100. Clemons Luker, 100; J. W. Trimble 100; C. E. Purvis 300; R. M. Carlton 100; T. C. Lane 20; T. H. Purvis 150; W. A. Luker 250.

Mr. T. H. Purvis who delivered the contracts for the committee stated that the splendid results were due entirely to the efforts of Mrs. Luker and the ladies who assisted her.

town. His wife, a most accomplished woman, taught music during the six years in Comanche and the school met with more than ordinary success.

At the end of these six years he was elected to the superintendency of the Granbury Methodist Preparatory School, where he did much to raise the standard of scholarship, making it in the end a Junior College. After he had been there nine years, the building had to be sold on account of debt and Mr. Switzer was instrumental in its removal to Weatherford, Texas, where he remained with the school for thirteen years.

He and his wife and daughters then established the Woman's College at Itasca, Texas, which, with the Conservatory of Music in connection with it had much success. His wife was at the head of the Department of music and his daughters taught in the school.

Ten years ago, his health having failed to a considerable degree, he moved to Dallas and established in Oak Cliff a school of music, and expression with Mrs. Switzer as Director. Here he is still established. During all the years since his graduation from College, there has never been a break in his career as a school man and educator. His heart and his wife's have been in the work, and in these ripe years they continue teachers.

VETERAN CELEBRATE 77 ANNIVERSARY

On Thursday, June 8, a number of friends and relatives of J. M. McCrary, with 15 Confederate veterans, as honor guests, met on the river in his pasture to celebrate his seventy-seventh birthday anniversary. The day was spent in pleasant conversation and fishing and at noon a bountiful dinner was spread. Besides the big baskets of dinner prepared and brought by the ladies of the party, there was plenty of barbecued mutton, bread, ice tea and hot coffee. The birthday cake representing the flag of the South, was made by Mrs. M. A. McCrary. The veterans who attended were: B. J. Wyche of Maxwell, I. B. Brown, Mart Flemming, L. B. Russell, Clayt Carnes, Dad Lofton, G. A. Bruton, Ben Williams Johnson and Haynes of Gustine. Other friends who attended were: Mrs. Jim Carter and daughter of Comanche, Madams Geo. Bean and Harry Bean and Mr. and Mrs. Little of Swan Hill, Mr. and Mrs. Marshall Bean of San Saba, Madams Phil Bertram, Dr. Smith and J. W. Applewhite and Miss Mattie Applewhite and Mildred Neel of Gustine, Mr. and Mrs. H. C. Applewhite and Mr. and Mrs. W. C. Burton of this community. We would like to add here that it was Mr. W. C. Burton who barbecued the meat "just right". The children of Mr. McCrary who were present were: S. P. McCrary and family and Mr. and Mrs. E. H. Rauhut and children of Comanche, and Mr. and Mrs. Fred Bean, Mrs. Earl Davis Brown and Mrs. D. G. Haggard of this community. It is needless to say that all present enjoyed the day and departed wishing Mr. McCrary many more happy birthdays.

THANKS

To the Edna Hill community for the nice box of eatables sent to the prisoners in the County Jail.
L. F. MARSHALL, Sheriff.

BARRY MILLER SPEAKS FOR CULBERSON SATURDAY

Hon. Barry Miller will speak in Comanche at the Court house on Saturday, June 17th at 2 p. m. in the interest of Senator Culbertson's candidacy for the senate. Barry Miller has many warm friends in Comanche, who will be glad to hear him on the issues in this senatorial race.

TWO YEARS PAST THE CENTURY MARK. COMANCHE'S OLDEST CITIZEN

On last Monday, June 12, Comanche's oldest citizen, John Wesley Banner, celebrated his one hundred and second birthday. Very old and weary is he now, with all of his own generation gone and many of those he loved in succeeding generations. But he has proven that a healthy, moderate, temperate life may have its reward.

Born in Virginia in 1820, he was reared in that state, married Miss Jane Broadwater there, and lived there till 1870 when he exchanged his Virginia holdings for land in Collin County, Texas where he moved and lived till 1872. In that year he moved to this county, where he is living out his extraordinarily long life, although in the years between 1872 and 1922 he has lived for varying periods in Coleman County, Texas, and the Indian Territory, in Florida and in New Mexico.

Since about 1890 he has lived with his youngest daughter, Mrs. Frank Clark in the town of Comanche, and when he passed the century mark in 1920 he still retained his memory in all its clearness.

Remembering that Biblical commandment which promises long life "in the land which the Lord thy God giveth thee," and dwelling on the certainty of laws of heredity as we see the love and care bestowed upon him by his own children, all but one of whom still live, we are constrained to accept his long life as proof that in his youth he, too, "honored his father and his mother."

Miss Nannie Perry of Comanche was in De Leon Monday, Trade Day, seeing the voters and presenting her claims for election to the office of county treasurer.—De Leon Free Press

Miss Lucille Wooly of Gustine visited Mrs. Armstrong Cox last week.

WE BUY CREAM, EGGS AND POULTRY.—COMANCHE PRODUCE COMPANY, COMANCHE, TEXAS

INDEPENDENT CITIZEN.
SHIP FOR WOMEN

Independent Citizenship for married women which will be the next matter to receive the active support of the League of Women Voters, is one of the planks formulated by them at their first convention in Chicago in February 1920, and it reads: "Believing that American born women resident in the United States should not forfeit citizenship by marriage with Aliens, and that alien women should not acquire citizenship by marriage with Americans, but rather by meeting the same requirements as those provided for the naturalization of men, we urge federal legislation insuring to the women of the United States the same independent status for citizenship as that which now obtains for men."

The Curtis Bill.

The Bill introduced by Senator Curtis embodies the principles that an American woman while she continues to reside in the United States should not lose her citizenship through marriage with a foreigner, and that hereafter no foreign-born woman will become an American citizen through marriage alone, but that the same process of naturalization shall be required for women as for men.

Heretofore marriage to an American has conferred on foreign-born women the right of citizenship, in many cases without their knowledge of the change in their status, and in many others without their either being ready or fitted for its rights and privileges. Now that this carries with it the right to vote in all elections it is peculiarly unwise and unsafe.

The Curtis Bill which is similar to the bill introduced by Representative John J. Rogers in the 66th and 67th Congresses, is not retroactive and will not take away the right of citizenship from any foreign-born woman who now has it. Neither an appropriation nor officials are required to carry out the provisions of the bill for independent citizenship for women.

We feel that our efforts for better standards of citizenship will be aided by the passage of the Curtis bill which would secure citizenship for American born women and require foreign-born women to go through the same process of naturalization as is required of foreign born men, said Mrs. Maud Wood Park, president of the National League of Women Voters. "The League believes that an American woman who retains her home, her friends, and her interests in the United States does not lose her loyalty because she married a foreign-born man. Nor does the League believe that marriage to an American automatically fits a foreign-born woman for citizenship."

Knowledge of American ideals, principles, and laws are as essential for woman citizens—perhaps more so—as for men. The essentials, principles of good citizenship are taught by the mothers. We believe that foreign born women who desire the privilege of American citizenship, should prove their fitness to help in making America. And if America is to keep her place as a leader among civilized countries, her ideals must be carried out by the daily application of high principles to the duties of citizenship.—Texas League of Women Voters, Georgetown, Texas.

NOT A POSITION FOR
EVERY MAN OR WOMAN

But a Real Man or Woman For Every Position is What the World is Demanding Today.

Whether times are good or bad, qualified, determined young men and women succeed. As evidence of that fact Tyler Commercial College, Tyler, Texas, in spite of the recent depression is placing its graduates with the best Banks, Wholesale Houses, Manufacturers, Law Firms, Lumber offices, Oil Supply Houses, Automobile Concerns and many other lines of business in practically every Southern State. A practical business training that carries with it prestige and influence will secure for you a good position within a few months. One year ago, pessimism was paralyzing the country. Today enthusiasm is inspiring it. Every ambitious young person should be optimistic and begin training for a real position.

Isn't it always the trained men and women that win? It is so in every walk of life. Trained men and women won the war and women win in business, and it will not take you long to train if you attend the right school.

The Tyler Commercial offers you an opportunity that no other business college in this section can offer. We teach the famous Byrne Simplified Shorthand, the most modern and practical system in use today. It is so simple that one can become a better stenographer with it than with any other system, in just half the time and at half the cost. The merit of this system is largely responsible for the fact that this institution is the largest business training institution in America.

Would you eat with a wooden spoon? Then why study the old, long time, some system of shorthand that requires the learning of hundreds of rules, exceptions, word signs, etc., and from three to four months hard study on the ext-book alone, when you can master the principles of the Byrne Simplified in one week, then have nothing but practice for speed.

We give you anything you want in any department of commercial training and save you money and time. Most Thorough, Complete and practical courses of Bookkeeping, Shorthand, Cotton classing, Telegraphy and Business Administration and Finance to be had. Positions secured for all graduates.

OVERSTREET SAYS
NEWSPAPERS DID IT.

Results from Newspaper Advertising Delight Fort Worth "Hup" Distributor.

"A Hupmobile a day" is the way J. R. Overstreet, West Texas Distributor of Hupmobile cars with headquarters at Fort Worth describes the way the famous "Hup" has been selling during the past month in his territory. "Yes, better than a car a day," declared Overstreet, "for our actual sales in this territory have totaled 33 Hupmobiles in just 30 days and in addition to this splendid record of retail sales, we have added nine new, live-wire dealers to our list of Hupmobile sellers in the same period of time."

"I ascribe the astonishing record of the last 30 days almost directly and exclusively to the use of printer's ink," he continued, "for we have sold these cars and secured these new dealers in territories covered by the advertisements we are now running in the local papers and in practically every instance the sale or contract was traceable to the local paper."

TO THE POULTRY RAISERS
OF COMANCHE COUNTY.

The poultrymen of California did not succeed very well until they got together and developed the marketing end of their business.

Now 95 per cent of all the people in the poultry business are making a success.

We believe that Texas producers are as intelligent and as energetic as the California producers. Then why can't we do as they have? We are now making an effort to organize a co-operative marketing association modeled exactly after the Petaluma California Association. We shall require one hundred thousand hens under contract to have a strong association to protect our interests. This will take practically all of the large flocks in the district to make this amount.

We cannot afford to let this effort fall down. Consequently, we call upon everyone interested in poultry to investigate the merits of co-operative marketing of eggs and poultry and come into the organization.

If there is no organization committee in your community call a meeting and select one at once.

Some Facts Concerning the Association.

1. It is purely cooperative.
2. It is democratic—that is, the poultry producers will rule the association.
3. It will be controlled by a board of nine directors who are large poultry producers.
4. A concentration plant will be built including cold storage, dressing and packing rooms.
5. An expert poultry dealer will be employed to manage the business and he will be made responsible to the Board for his service.
6. Pools will be by the week. That is settlement will be made each week with the producers.

INDIGESTION

Theford's Black-Draught
Recommended by a
Grocer for Troubled
suffering from Torpid
Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

QUESTIONNAIRE BEING
SUBMITTED BY TEXAS
LEAGUE OF WOMEN VOTERS

The following Questionnaire is being submitted to candidates for Congress by the Texas League of Women voters.

1. Do you believe in the enforcement of the Prohibition Laws of our State and Nation. Answer.

2. If elected to Congress do you pledge yourself to uphold the provision of the Volstead Law and to support legislation intended to make more successful the enforcement of National Prohibition. Answer.

3. If elected to Congress do you pledge yourself to do all in your power to further the work of preventing future wars? Answer.

4. If elected to Congress will you pledge yourself to support a bill that will require foreign-born women to secure citizenship independent of marriage to an American by birth or that this bill will not be retroactive in its effect upon foreign-born women naturalized under the present law; and that will permit American women to retain their citizenship after marriage with a foreigner as long as she shall reside in the United States. Answer.

WHITE POINT

The farmers were very glad to see the light rain which fell last Friday at noon.

meeting some at Comanche last week. At Mrs. George Master's near Cotton Grove.

Mr. and Mrs. A. D. Bean spent Saturday night and Sunday with his father and mother near Mercer Creek.

Mr. Breedlove and family and Mr. Haskins and family attended the meeting some at Comanche last week.

Miss Alma and Luther Haskins attended the meeting some last week at Comanche.

Mr. John Snell of Stockton, Cal., spent the first of the week with Mr. E. Tupin and family.

Anderson Wilhelm and Lewis Stokes surprised every one by leaving Sunday for Winters to work.

Mrs. Chas. Laughlin of Houston surprised the home folks, Mr. E. Tupin's family Monday by sending a telegram stating that they had a new boy in their home.

Mr. Titus Mitchell of Blanket called to see Miss Ethel Knight Friday afternoon.

Mr. Parker Tupin was visiting in Newburg community from Monday till Thursday.

Mrs. Albert Anderson's mother, Mrs.

Uncle Mose Anderson is visiting his son Joe at Coleman this week.

Stewart, has been quite ill the past week but is better at this writing.

Mr. and Mrs. Haskins visited their daughter Mrs. Chas. Carnes Sunday.

Mr. and Mrs. Bob Stewart of Indian Creek spent Sunday with Mr. Albert Anderson and family.

Mr. Reese Mills of Newburg visited his sister Mrs. Will May the first of the week.

Rev. Starling of Blanket is going to preach at this place Sunday at 11 o'clock. There will be Sunday school at 10 o'clock. Let's every one go so he won't have to preach to empty benches.

According to the Poultry Campaign Committee, 8475 hens have been listed up to Saturday night, June 10th. This was the report received from five communities, together with scattered signs up, with five communities making a canvass. The committee is well pleased with this report and are asking that interested parties in any community in the county wishing first hand information regarding the association, should make it known to some member of the committee. The committee is composed of T. P. Patterson, Dublin Texas Route 3; Mrs. A. H. Nobles, Comanche, Secretary, together with the district committee composed of Mr. L. B. Patterson, Dublin, route 1; J. D. Jackson, Comanche, Texas, Route 3; C. O. Hatley, Proctor.

Now comes a civil war veteran who alleges that Sherman never said "War is Hell." Well, if Sherman did not say it, he was mistaken, that's all.

WIRE EXPERT BACK AT WORK FEELING FINE

Electrician Couldn't Hit A Lick Of
Work For Three Months But Tan-
lac Completely Rid Him of Stub-
born Stomach Trouble.

"I have gained several pounds and am on the job every day feeling fine," said Clarence L. Silvers, 3938 Evan St., St. Louis Mo., electrician for the Western Union Telegraph Co.

"Indigestion troubled me for years and my food seemed like lead in my stomach. There was a pressure of gas around my heart that almost cut off my breath. My head ached nearly all the time and I would get so dizzy I couldn't stand up without holding onto something. I finally got in such a bad fix that I couldn't hit a lick of work for three months.

"Tanlac soon put an edge on my appetite and then my stomach trouble commenced to lose its grip. Now I never feel a touch of indigestion, head ache, dizziness, or my old nervousness. Tanlac is certainly great."

Tanlac is sold by all good druggists.

THEY ALL ADVERTISE.

A hen is not supposed to have

Much common sense or tact.

Yet every time she lays an egg

She cackles forth the fact.

A rooster hasn't got a lot

Of intelligence to show.

But none the less more roosters have

Enough good sense to crow.

The mule, the most despised of

beasts,

Has a persistent way

Of letting folks know he's around

By his insistent bray.

The busy little bees they buzz,

Bulls bellow and cows moo.

The watchdog's bark, the ganders

quack,

And doves and pigeons coo.

The peacock spreads his tail and

squawks,

Pigs squeal and robins sing,

And even serpents know enough

To hiss before thy sting.

But man the greatest masterpiece

That nature could devise.

Will often stop and hesitate

Before he'll advertise.

—The Connector.

BLIND CLAY

By Mary Fleming Labarce
Bonapart, Johnson and Nero Katz
Sit in the shade and discuss doormats
(Cornhusk, fiber, and metal-meshed.)
While men stalk death in Omsk and
Reuht.

His Grace of the Garter and tall Lord
James

Sit in their club beside the Thames,
And prate of polo and cricket score—
By Nile and Ganges the Red fires
roar.

His Grace and Katz must be blood-
brother,

And Johnson and James must be each
other.

Peer and plowman are one blind clay,
When their souls are born in a rut—
and stay.—The Nation.

FORD CARS AND TRUCKS GAIN IN POPULARITY

Ford Nears Output of 5,000 a Day.

Ford dealers in the United States have asked for a total of 194,750 Ford cars, trucks and tractors to meet their June requirements, says a statement issued by the Ford Motor Company, Detroit, Michigan.

As a result, the estimated output for June has been boosted to 140,000, which is an increase of 10,000 over the present month, and, of course, will set up a new high record, in spite of the fact that the May output will show a substantial increase over the previous highest month.

Ford sales have been constantly increasing since the first of the year, the demand growing during the past two months faster than it has been possible to increase production.

Monday, May 16th, brought forth a new record of cars built for one day, the figures reaching 4878 at the close of the day's work. This was an increase of 16 over May 15th, when the previous high mark was established.

On May 18th, the six millionth Ford motor was assembled. Number five million came off the line May 25th, 1921.

Ford officials state that every attempt is being made to build a sufficient number of cars and trucks to fill the retail requirements of their 8,000 dealers.

Four out of Five Ford Cars and Trucks Sold Since 1908 Still in Operation

The sixth millionth Model "T" Ford Motor was produced May 18th, in the Ford Factory at Detroit. In other words from the time back in 1908 the Ford Motor Company began marketing the new famous Model "T" Motor car until May 18, 1922, a total of six million Ford cars and trucks have been produced. Out of this total 5,517,956 were delivered to purchasers in the United States alone, and according to the latest statistics, 4,478,248 of the Ford cars and trucks are still in daily service.

Thus, it will be seen that out of every five Ford cars and trucks sold to retail purchasers in the United States alone during the past fourteen years, four are still in actual daily use, which is really remarkable when the hard service of commercial cars is taken into consideration. This seems to forcibly confirm the popular knowledge of the longevity of Ford cars.

That Ford products have been quite evenly distributed throughout the United States is borne out by the fact that through the sparsely settled communities in the West to the densely populated cities in the East, practically the same ratio of Ford cars and trucks to population exists.

Ohio leads with a total of 290,769 Ford cars and trucks in daily use; Illinois comes second; Pennsylvania, third, Texas fourth, and Michigan fifth, with a total of 234,081. New York, Iowa and California follow in the order named, each having more than 200,000.

An idea of the important part played by Ford cars and trucks in the daily transportation of goods and persons in the United States can be gained by realization of the fact that with

the Ford cars now in operation, averaging a minimum of 5,000 miles per year each, they would pile up a total of Twenty-five billion transportation miles, equivalent to more than a million trips around the world.

Ford Retail Sales Hit New High Mark

According to a report just received from the Ford Motor Company, Detroit, a daily average of 5,210 retail sales of Ford cars and trucks had been reached by the close of April in the United States alone.

Ford sales of cars and trucks for the month including both domestic and foreign, totaled 127,249. This establishes a new high record, exceeding the largest previous month, June, 1921 by 15,467.

The sale of Fordson tractors has also been steadily climbing. A total of 11,181 Fordsons were sold during April in the United States, a daily average of 469 having been reached by the end of the month. This gives the tractor a new high sales record, and shows 100 per cent increase over the best month in 1921.

The Ford factory at Detroit is now operating at full capacity having a force of more than 40,000 men on the payroll.

FIRST BALE OF 1922 COTTON IN HOUSTON.

Houston, Texas, June 2—The first bale of 1922 cotton reached Houston this week from Richmond and sold at auction for \$1,200. The first bale in 1921 was received on May 26 and sold for \$1,000.

Do not forget that the meeting to be held at the Christian church by Rev. C. Moore of Brownwood, begins on June 18th. Let's keep this in mind as the time is not far off.

\$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back).

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

27 CASH PRIZES

For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$35, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand. Here's a 4-line rhyme as example:

Biscuits, muffins, pie or cake,
With Dr. Price's Powder bake,
The Price's Co., guarantee
No alum in the cans to be.

'As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.

All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one free at almost any grocer's. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Price Baking Powder Factory, 1005 Independence Blvd., Chicago, Ill.

At some places in the U. S. the Chamber of Commerce organization or Credit Associations are arranging to camp on the trail of salesmen who dispose of stock by fraudulent means. This is a constructive service. Many persons are victimized; but not knowing how to go about making recovery, stand their loss. It is possible to punish fraud. It is not possible, however, to prevent either small or large investors from "taking a chance."

The London physician who says that children are not getting enough sleep under the modern social and educational system is being pretty generally laughed at, but a lot of laymen will agree with him. There are children of eight and nine years nowadays who find that their "social and educational engagements" are so pressing that they can manage to get only about eight hours sleep in every twenty-four. That is not enough for any child. Nature, if she is given a chance, provides plenty of hours of sleep; and if a record is kept it will probably be found that people who are wide awake and manage to stay so for years always manage to sleep.

People who are unable to turn to a paternalistic government every time they need something, generally get busy and set about getting what they need. The census bureau has just issued a bulletin showing that between 1910 and 1920 more than 4,760,000 acres of irrigated land were added to the agricultural resources of the nation. In nearly every instance, the work was done by the farmers who constituted the community using the water. The enterprises sponsored by the federal reclamation service will eventually be owned co-operatively. The lands that benefit from the irrigation projects are organized into a district that either issues bonds or levies taxes to pay the bill. If irrigation had depended solely upon governmental action, only comparatively limited areas would have been reclaimed, and those at a cost enormously greater than when the projects were carried out by private or co-operative endeavor. Private enterprise and the betterment theory will work in double harness if given a fair chance.

It is to be hoped that the illness of Senator Reed, which was reported as not having yet forced him to give up more than one speaking date, will not prove serious. It has been the fashion to abuse the Missourian, but after all he has been a big man in the senate, a fearless one, a man whose convictions were not easily set aside, one who dared to do at whatever loss of cast so long as he felt himself in the right. The senate does not boast many of this fiber, and they are all too scarce in the world at large. When a man who has the courage to stand by his convictions regardless of consequences has also the breadth and far-sightedness of mind that go to make up the sort of statesman who can be depended upon to have right views of what is for the welfare of the country, he can be ill spared from our legislative halls.

school house Sunday when the people of this community, with a number of visitors, took their dinner and spent the entire day together. We had Sunday School in the morning, as usual, and then dinner was spread. Immediately after dinner a children's day program was rendered by the Sunday school pupils of Mrs. Bryson's and Mrs. Carter's classes. After the program Rev. Briscoe of Chapel, delivered an excellent sermon. Among the visitors from other communities were Leonard, Daniel and Rev. Briscoe, of Grahams Chapel, Misses Kee, Mason, Rambo and Ben Moore, and Mr. and Mrs. Edgar Kennedy and A. Kennedy of Baggett, Mr. and Mrs. Elmer Bryson, Miss Lella Bryson and Plez Rankin of Edna, M. and Mrs. C. L. Wyche, and Mrs. Gaynor McCarty of Maxwell, and Misses Bertha Butler and Eva and Jimmie Maple, of Gustine.

The baby daughter of Mr. and Mrs. Oce Westmoreland is very sick. A. L. Westfal visited friends in Comanche first of the week. Harry Rogers spent several days last week with his brother, Will, of the Baggett community. J. M. McCrary left Sunday for Comanche, from which place he expects to go to Richmond, Va., to attend the Confederate reunion, to be held there this week.

The Hazel Dell correspondent's report of the picnic will be found on first page.

RUCKER NEWS.

Mrs. Carrie Short and children from Larado visited her father, L. C. Short the past week, but have returned home. Miss Johnnie Lois Short who has been attending school at Weatherford is at home for vacation. Misses Maude Pittman, Lillian Coyburn and Lillian Singleton left last Sunday for Stephenville to attend the Summer Normal at John Tarleton College. R. D. Price from Brownwood was a visitor in this part of the country recently. Lesley Hale and little nephew from Texas City are here visiting his father, and family. George Reed from Texas and Miss Ethel Robertson from near Comanche were married at the home of Mr. J. S. Lewis last Sunday evening. Rev. J. W. Rudd officiating. Mr. Reed was

Visit our dry goods department during the next two weeks. Many lines to close out by July 1

ONE OF OUR CUSTOMERS SAID: "When In a Hurry I Go to Higginbotham's"

AND HERE'S HIS REASONS—

"While I distribute my money pretty well over Comanche—still when I am in a hurry to get back home and want quite a number of things from various stores or departments, I go direct to Higginbotham's, knowing that I can find what I want there—prices right—quality right—and I save time."

HE ALSO SAID:

"I am not a mail order house patron. I believe, when all things are equal, in keeping Comanche county money in Comanche—and too, I find by investigation that, on an average, I can buy at home better merchandise, and at less price than from the mail order houses—hence my money stays at home and most of it with the House of Higginbotham."

We appreciate to the fullest this expression of confidence. We also appreciate the fact that there's many hundreds of good and true men and women throughout the county who believe in supporting home institutions—home schools, rather than to allow their money to go to mail order houses, that have no interest whatever in Comanche public institutions.

HIGGINBOTHAM BROS. & CO.

ANNOUNCEMENT!

Having returned from Dallas, where I have just completed a 4-month special course in optometry at the Texas College of Optometry, I am now prepared to fit my customers up with any kind of lenses that it may require to correct their error of refraction. If you need glasses, don't fail to see me before you buy. I now have the latest scientific instruments for testing the eye that money will buy.

Let me do your watch, clock and jewelry repairing. Satisfaction guaranteed.

I wish to thank my friends and customers for their many kindnesses shown Miss Trussie Dixon, who looked after my business during my absence.

BIG TYPE POLAND CHINA CLUB BOAR IS OF EXCELLENT MERIT

"Foster Over Phenon," No. 480,235 is attracting much interest and attention among big boned Poland enthusiasts in Comanche County. Qualities that are interesting to breeders in this animal aside from his wonderful pedigree which reads almost like a fairy tale, are his good appearances, which would entitle him to recognition in any hog show in the United States. He is tall, being 39 inches in height, long, being 74 inches in length, and is smooth, good looking, good coated with excellent feet and legs. His confirmation is such that the chief cuts of pork are reduced to the minimum and the high priced cuts are at their maximum.

Then the breeders are interested because his ancestors are very large litters, averaging nine pigs. He is also from a stock of pigs that are of a notorious easy feeding stock, making a maximum gain with the feed consumed.

The pedigree on this club sire arrived a few days ago and a description of some of the noted ancestors will not be out of place.

On the dam side, we find in second place, "Buster Over" No. 275,555. Buster Over is sire of the grand Champion sire at Kansas and Texas State Fair, fall of 1920. Many other good things could be said of this animal. Buster Over is by Giant Over one of the three outstanding sires of the breed.

On the sire side, we find in third place, the Clausman the famous boar owned by Wm. Wrigley, the chewing gum man; also Fashion Girl who sold at auction in February 1921 for \$17,500.00 which is the highest priced sow ever sold. In second place we find "Liberator." Mr. L. H. Glover of Granview, Mo., it is said, refused \$50,000.00 for this animal. Sixty sows sold at auction bred to this boar, brought a grand total in February 1920 of \$160,000.00 which is the world record. A show herd shown by Mr. Glover, all sired by this animal, took the majority of prizes in Missouri at the National Hog show, and swept the slate clean at Dallas last fall.

While, of course, the club members, prize their stock most because of its pork producing qualities and the large litters, they are taking a special pride in Buster Over Phenon because of the fact that he is bred in the purple in every direction.

The parties interested in this sire are Fred Mayes, W. W. Cox, Herman Rauhut, Dr. Chas. Ory, Ed Boswell, Wayne Boyd, M. O. Lane, C. Lusk, R. E. Weaver and Robert Kelly.

FLEMING NEWS

(Too late for publication last week)

The farmers are having some nice weather to work.

There was a party at Mr. Nelson's Saturday night and every body seemed to be having a good time.

There was a large crowd on the river Sunday, several went in bathing and all enjoyed the day.

There was a most enjoyable singing at Mr. Louis' Sunday night.

Mr. and Mrs. J. W. Hamilton and family and Mr. and Mrs. Joe Sow, visited Mr. and Mrs. O. M. Bean Sunday.

NOTICE CONSTABLE'S SALE THE STATE OF TEXAS, COUNTY OF COMANCHE.

By virtue of an execution, issued out of the Honorable Justice Court of Precinct No. 1, Comanche County, on the 22nd day of April; A. D. 1922, by the Justice thereof, in the case of The Peters Branch of the International Shoe Co., corporation vs W. D. Sturkie, No. 3290, and to me, as Constable, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Constable's Sales, on the 6th day of June A. D. 1922, being the first Tuesday of said month, before the Court House door of said Comanche County, in the City of Comanche and County of Comanche, State of Texas, the following described property, to-wit:

Part of Block 11, of the Original town of Hasse, Comanche County, Texas, and being all that property fully described in a deed from Wallace Jenkins to W. D. Sturkie, dated April 30th, 1919, and recorded in the deed records of Comanche County, Texas, in volume 152, page 630, to which and the record thereof reference is here made for a full description of same, and including all personal property situated on said lot and within said house, levied on as the property of W. D. Sturkie, to satisfy a judgment amounting to \$13.56; in favor of Peters Branch of the Int. Shoe Co., and interest and costs of suit.

Given under my hand, this 3rd day of May A. D. 1922.

S. V. McELROY
Precinct 1, Comanche Co.

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Comanche County—Greeting:

You are hereby commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Comanche County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of R. H. Kelley, Deceased.

C. E. Straley, Administrator of said estate filed an application in the county Court of Comanche county, on the 3rd day of June 1922, for resignation as such administrator accompanied by a full and complete exhibit of the condition of said estate together with his administration account, which said application will be heard by said Court on the 3rd day of July 1922, at the Court House of said county, in Comanche, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

No More Sore Throat

A sore throat means danger ahead! Stop it quick! When germs of tonsillitis, "flu," grippe, diphtheria, bronchitis and other diseases enter your system their first warning is usually a sore throat. Kill these germs before they have a chance to start their deadly work! Just gargle a few drops of the new antiseptic mouth wash STEROLINE, which is unequalled as a germ killer. See how quickly the soreness leaves! Acts almost instantaneously! Protect the health of the family. Keep a bottle of this wonderful antiseptic on hand—always. Use it night and morning as a mouthwash. 50-cent bottle lasts months. Get it today from your druggist.

STEROLINE
KILLS SORE THROAT GERMS

Allen Hardware Company
IN LARGER QUARTERS

The Allen Hardware Company has moved to larger quarters, in the building formerly occupied by the Morris Furniture company, while the move was made to "next door" it gives this growing concern more floor space and a better opportunity to display their merchandise. The Allen Hardware company opened for business in Brownwood something like ninety days ago and the growth of their business has been such that larger quarters were necessary in order to serve the public.

Mr. Allen president of the company, stated this morning, and that the business had grown considerably more than they anticipated when they opened ninety days ago and they felt that it was necessary to move to a larger building in order to serve their patrons in every possible way. In their new location they will find one of the most complete and well arranged hardware stores in the city.—Brownwood Bulletin.

Witness my hand and official seal, at Comanche, Texas, this 3rd day of June 1922.

JENNIE E. GARRETT
Clerk County Court Comanche county Texas.

ACT QUICKLY

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of Comanche evidence of their worth. Ask your neighbor.

Mrs. E. L. Todd, Comanche, says: "My first experience with Doan's Kidney Pills was many years ago and since then they have been my standard remedy for ills that come from disordered kidneys. I can say to anyone who may be bothered with severe pain in the small of their back; especially shooting all through the body or a dull, heavy ache across the kidneys, to get a box of Doan's Kidney Pills. Doan's have never failed to give me satisfactory results when I have had occasion to use them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Kidney Pills—the same that Mrs. Todd had. Foster-Milburn Co. Mfg., Buffalo, N. Y.

Prepared for Service

We have just recently installed a Wilson Wetterhold Hammer Mill type of Feed Grinder and believe me, it does the work.

With a double set of rigid hammers revolving at a speed of 2,200 revolutions per minute, ear corn, oats, maize, rocks, hammers, bolts, nor anything else can resist it. The feed is broken into uniform particles and by means of a fan drawn thru a screen, and from there into a collector from which it falls into a sack. The feed comes out cool and sweet. We are at all times trying to improve our service and quality and we feel that the grinder is quite an addition to our plant.

Creating Wealth

In an address just a few days ago, the Secretary of the Dallas Manufacturer's Association made the statement that you could not create wealth by buying everything away from home. Every time you use home made an dhome raised stuff you are holding the wealth with you. That's a mighty good reason for using Comanche Flour, Comanche Dairy Feed and Comanche products of any kind it is possible for you to obtain.

---A Word About Flour

We are still milling Comanche Flour from No. 1 Wheat, and here's a good point these hot days: We allow no flour to remain on hand over a week. You get a No. 1 FRESH Flour when you call for Comanche's Best or Bakelite—Both nature flavored.

You can get Comanche Flour from the following merchants—

C. F. Williams
F. H. Fitzpatrick
J. M. Guthrie
The Cash Store
Slider & Lacy
Tood & Jennings
Higginbotham Bros. & Co.
Bob & Chas. Tate
The Home Grocery
J. R. Davenport

Dairy Feed

We guarantee to produce results and save you money on our mixed Dairy Feed or Ground oats, Ground Corn in the husk, and Our Brand and-Shorts.

The Comanche Milling Co.

A HOME INSTITUTION.

STAG CREEK.

June 4th —The farmers held a poultry meeting at the Adventist church Wednesday night. The county Demonstrator, Mr. Merwin of Comanche lecturing.

Misses Era, Artis and Jesse Hood visited Miss Lena Jaynes Wednesday night.

Mr. J. A. Moore and daughter Miss Edith and Mr. Elmer La Roque went to Comanche Thursday where they met Miss Mo-Lissa Moore who has been attending college at Austin the past term.

A large crowd attended the singing given at the home of Mr. and Mrs. W. C. Pittman Saturday night.

Misses Era and Artis Hood attended the show at Sipe Springs Saturday night.

Mr. Clifton Donaldson of Gap spent Saturday night with his uncle, Mr. J. G. Hood.

Mr. and Mrs. Charlie Blackshire and niece Miss Lois Blackshire of Gorman visited Mr. Mason and family from Saturday until Tuesday.

Mr. C. C. Hogan and J. Z. May were at Comanche Saturday.

Mr. and Mrs. J. G. Hood visited Mr. and Mrs. Jim Hood of Gap Sunday. They were accompanied home by Mr. Tom Palmer of Decatur for a few days.

Mr. and Mrs. J. A. Moore and daughters Edith and Malissa visited Mr. and Mrs. Elmer LaRoque Sunday.

Mr. W. H. Baker is at home for a few days from Pioneer where he has been at work.

Misses Lyttie and Dessa May accompanied Misses Era and Artis Hood from Sunday school Sunday.

Hood visited Ruby May Sunday.

Mrs. Delia Ashinhurst visited Mrs. Lyllie Leonard Sunday.

Singing was well attended Sunday afternoon. Many good singers from Gap, Bibb, Sidney and Beattie were present. Come again.

Miss Lena Jaynes visited Mrs. Ruby Stark of near Sipe Springs Sunday night.

Mr. and Mrs. L. T. Leslie left for Stephenville Monday where they will attend school this summer.

Several from this place attended the singing at Bibb Sunday night.

Every one is very busy at present working out their crops.

ARBOR SPRINGS

Several from here attended the party at Downing Saturday night.

Miss Lillian Alley returned home from Sonora where she has been attending school for the past two months.

Mr. Tom and Elba Scott and Mr. Henry Scott and wife spent Saturday night and Sunday with Mr. and Mrs. A. Flanagan.

Mr. Tom Johnston and family spent Thursday night with Mr. Marshal Johnston.

Among those who attended the party at Suez Friday night were Mr. Luther Williams, Willie Gressett, T. K. Moore and Clifford Flanagan.

Mr. John Wilson and family spent Saturday night with Mrs. J. S. Kelly.

Mr. and Mrs. J. W. Moore spent Sunday with Mr. S. A. Moore.

Mr. and Mrs. J. H. Cottrell has gone West to visit relatives.

Miss Mollie Scott spent the latter part of last week with her sister Miss Rosa Flanagan.

Miss Isabele Gressett and Mollie Scott attended singing at Downing.

The poultry association is already getting before the consuming public. People are anxious to buy a first class product direct from the producer. This fact is indicated by a letter addressed to Mr. J. D. Jackson, Comanche, District Poultry Committeeman for the Poultry Producers Association, dated June 7th, from O. B. Rollins, Assistant County Agent of Bexar County, San Antonio Texas, asking if the association was in position to furnish a car load shipment of eggs as a baker in San Antonio was anxious to buy an entire car load to place in cold storage.

Gen. Harbord, who is in Paris, expresses the conviction that American troops should be maintained in Germany indefinitely. The American soldiers, he says, are an influence for peace. They prevent trouble. All of which is just another way of intimating that the French and the Germans have not managed to do any fraternizing as yet. Still, the folks over in Europe must learn to live together sooner or later. If eventually, why not now?

Anyway, when the French called in the bankers the militarists were forced to take a back seat. Capitalism desires an era of peace if it is to get in its war work.

The "Merry Matrons" bridge club met with Mrs. J. B. Chilton on Wednesday of last week.

SAVING EGGS IS PUBLIC SERVICE

"It is the highest demand of patriotism—it is the first requirement of living—that in 1918 every State, every county, every neighborhood, every farmer, be as nearly self-sustaining as possible." Clarence Ousley, Assistant Secretary of Agriculture. A valuable admonition for Comanche county, 1922. **Save Eggs and Help Your Neighbors Save—The Plan.**

Farmers and poultry keepers in the United States each to preserve for home use only, one case—thirty dozen—of eggs when eggs are cheap, and sell one case to a nearby consumer to preserve.

The Process.

Water Glass Method:—For 30 dozen eggs—use two 5 gallon crocks (capacity, 15 dozen eggs each) take 18 qts. water that has been boiled and cooled. Mix with it 2 quarts of sodium silicate. Place eggs as collected, fresh and clean, in crocks, keeping covered to a depth of at least 2 inches with water glass solution. Keep in cool dry place. Eggs preserved in this way remain perfectly wholesome, maintain full food value and are perfectly edible for from six to nine months.

Lime Water Method:—Place three pounds of unslacked lime in 5 gallons of water and let it stand until the lime settles and the liquid is clear. Use same as water glass. This method is recommended when water glass can not be obtained; it is good, though not quite as reliable as the other.

Infertile eggs keep better than fertile.

The Results.

Eggs stored without waste by consumers when eggs are cheap to use in the season of scarcity. Less eggs to go to terminal markets in hot weather when unavoidable losses in handling are heaviest. More fresh eggs available for consumers in fall and winter.

Consumers and Producers operating for the common good.

A New York woman, who laughed at one of her husband's jokes, choked to death. If most wives laughed under similar circumstances, the husband would choke to death—from sheer surprise.

WORKING GIRLS LOOK HERE

Read What Mrs. Lucas Writes Concerning Her Troubles, Which May be Just Like Yours

St. Louis, Mo.—"I had troubles that all women are apt to have, with pains in my back, weak, tired, nervous feelings and a weak stomach. I had been this way about a year and was unable to work or stand on my feet for any length of time. My husband's aunt told me how much good Lydia E. Pinkham's Vegetable Compound had done her and begged me to try it, so I did. All my pains and weakness are gone, my stomach is all right and I do my work at home and also work for Swift's Packing Company. I recommend your Vegetable Compound to my friends and you may publish my letter as a testimonial."—Mrs. LULU LUCAS, 719A Vandeventer St., St. Louis, Mo.

Again and again one woman tells another of the merit of Lydia E. Pinkham's Vegetable Compound.

You who work must keep yourself strong and well. You can't work if you are suffering from such troubles. Mrs. Lucas couldn't. She tried our Vegetable Compound and her letter tells you what it did for her. Give Lydia E. Pinkham's Vegetable Compound a fair trial now.

NOTICE IN PROBATE

THE STATE OF TEXAS

To the Sheriff or Any Constable of Comanche County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Comanche County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of Mary S. Wilson, N. W. Pounds and J. T. Huckabee has filed an application in the County Court of Comanche County, on the 7th day of June 1922, for Probate of the last will and testament of Mary S. Wilson, deceased and appointment as executor of said estate, which said application will be heard by said Court on the 3rd day of July 1922, at the Court House of said county, in Comanche, at which time all persons interested in said Estate are required to appear and answer said application should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Comanche, Texas, this 7th day of June 1922.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Mrs. Armstrong Cox entertained on Thursday afternoon with a bridge party honoring her guest, Miss Jesse Lynn Cox of Ozona. The reception rooms were decorated in vases and baskets of roses, daisies and nasturtiums. In the bridge games, Mrs. James D. Slack scored high. The hostess assisted by her sister, Mrs. D. O. Leach served delicious pineapple sherbert and angel food cake to the following guests: Misses, James D. Slack, J. B. Chilton Jr., Karl Tate, Gladys Atwood, Jack Moore, Henry Moore, Emil Weisendanger, Walter Montgomery, Henry Gibbs, Lionel Slider, Ira Ransome and Misses Jesse Lynn Cox of Ozona, Malcolm Shelton, Jeffie Thomas, Alma and Ernestine Atwood, Mary and Carolyn Reeves, Ivey Huddleston and Floy Collins. Favor of sweet peas were given.

Honoring the eighth birthday of her little son, George Victor, Mrs. George Montgomery entertained a number of his little friends on Tuesday afternoon with a delightful party. "Hidden Hearts" afforded diversion for the afternoon. Prizes were awarded the boy and girl finding the most and Medford Wetzel and Pauline Eanes proved to be the winners and each was presented with a toy animal balloon. Orange ice cream, cake and orange julep were served to 28 guests. Miniature pipes were given for favors.

On last Saturday morning the advanced pupils of Miss Cora Wilkerson's class and members of her Sunday school class honored her with a "sunrise breakfast," before her departure for her home in Dallas. It was a gay party of young people that left for Vandyke at 5:30 A. M. and all report a fine time. Those enjoying the occasion were, Mrs. Wm. McClannahan, Misses Cora Wilkerson, Catherine Carmichael, Evelyn Hall, Johnnie Smoot, Mary Doretha McClannahan, Laura Harris, Elizabeth Mayes, Virginia Weisendanger, Ruth and Ruby Odum, Oro Mills, Clara Kelly, Clara Emert, Clara Kelly, Janice Goodson and John Donaho, Donavon Smoot, Travis Cunningham, Colquitt Williams, Nelson Smith, William Stewart, Darrell Woodward and Thomas Nabers.

Mrs. G. A. Chilton was hostess for the Friday bridge club, June 9th, honoring her daughter, Mrs. T. F. Smaling of Gallup, N. M. A color scheme of yellow and white was carried out in the decorations. In the bridge games Mrs. Henry Moore made high score and was presented with a hand made tea apron. Mrs. Mark Skinner also received a tea apron. The color scheme was furthered in the refreshments of Neapolitan cream and cake which was served to the club and a large number of guests.

Miss Ruby Patton who has been staying at her grandfather's for some time is at home again.

Uncle Billie and Aunt Mandy Kerley visited their son, Soad, Sunday.

SECURITY

"Freedom From Care or Apprehension."

Some one has said that Joseph was the first Underwriter. During the seven fat years he "built up a reserve" by storing Egypt's surplus grain in huge granaries.

Then came seven lean years and the land was parched and withered. But the Egyptians were secure; they had freedom from care or apprehension because Joseph knowing the risk had provided against it through the exercise of Forethought and Thrift.

One of the greatest human risks is that of fire. According to statistics there will be, on an average, 1,500 fires tomorrow, 1,500 fires day after tomorrow, and so on. Each fire will bring disaster to some property owner—unless he is insured. Insurance means security.

Security is as much an economic factor as are Risk, Forethought and Thrift. More than this it is a commodity—it can actually be purchased; a man can buy "freedom from care or apprehension." He does this when he takes out Fire Insurance. Then he can apply his care free mind to efficient use.

NOTICE IN PROBATE

THE STATE OF TEXAS To the Sheriff or any Constable of Comanche County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Comanche County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of E. R. Atterbury, deceased, D. Dingwall has filed an application in the County Court of Comanche County, on the 5th day of June 1922, for Probate of the last will of said deceased, and for letters testamentary which said application will be heard by said Court on the 3rd day of July 1922, at the Court House of said county, in Comanche, at which time all persons interested in the said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Comanche, Texas, this 7th day of June 1922.
